**13th ANNUAL SECRETARY OF DEFENSE
COMMUNITY DRUG AWARENESS AWARD**

CALL FOR NOMINATIONS

A. Purpose.

The Secretary of Defense Community Drug Awareness Award is presented annually to the best drug demand reduction program for the previous fiscal year within each Service, the National Guard Bureau, and the Defense Agencies. The award was established by the Department in 1990 in an effort to promote community drug awareness efforts in the Department of Defense community. The military Services, Defense Agencies and the National Guard Bureau in the past have exhibited enthusiasm and energy in designing and implementing Drug Demand Reduction Programs for the benefit of our military members and their families. The 13th Annual Community Drug Awareness Awards will be presented on Monday, October 27, 2003 as part of the Pentagon's Red Ribbon Week activities.

B. Eligibility.

There are three types of Drug Demand Reduction Programs within the Department of Defense that are eligible for this award:

- 1) Programs, conducted wholly or partially with DoD assets, aimed at our military personnel and their dependents, and civilian employees of the Department of Defense;
- 2) Programs, supported by strictly voluntary efforts of DoD personnel targeted to appropriate populations, with or without contributions by other non-DoD sources;
- 3) Programs conducted by the National Guard of the various states under the terms of the Governors' State Plans (Section 112 programs).

The awards are in recognition of base, activity, or unit programs and are not awarded to specific individual(s).

C. Criteria.

In order to allow for the development of imaginative drug demand reduction programs, the award criteria are general in definition. Substantive criteria on which the nominations will be judged will include the following:

- Strict adherence to the target populations within the three categories of Department of Defense Drug Demand Reduction programs described above;
- Maximizing the use of Department demand reduction assets and funds;

- Program impact determined by some observable and measurable events such as number of personnel impacted by the programs; and
- Programmatic achievements limited to the parameters of Fiscal Year 2002.

D. Nomination Procedures.

Nominations for the Secretary of Defense Community Drug Awareness Award shall cover the period of Fiscal Year 2002. The nominations shall be submitted by the Base Commander, or equivalent rank, to their respective Service Secretary or the Chief, National Guard Bureau. The Defense Agencies should forward their nominations to their respective Agency Director. The Service Secretaries, Chief of the National Guard Bureau, and Agency Directors will then compile their nominations and submit them to the Office of the Deputy Assistant Secretary of Defense for Counternarcotics (ODASD(CN)). Each Service and the National Guard Bureau are limited to **FOUR** submissions, while each Defense Agency may submit only **ONE** nomination. One program will be selected to receive the award from each of the military Services and the National Guard Bureau, and one award recipient will be selected from among all of the Defense Agency submissions.

ONE original and FOUR copies of the nominations are to be mailed by the offices of the Service Secretaries, National Guard Bureau or Agency Directors to the Office of the Deputy Assistant Secretary of Defense for Counternarcotics (Attention: Colonel Michael Smith, USA), 1510 Defense Pentagon, Washington, DC 20301-1510 no later than June 1, 2003. Questions may be directed to Colonel Smith at (703) 697-5607.

- f. Recommendation and verification by proper authorities.
